

Mentor Program Details

Thank you for considering being a mentor to students at HSU.

After completing the registration, your information will appear in our Mentor Database, Searchable by current HSU students.

As an HSU mentor, here is what you can expect once you accept a student:

- Students are expected to make 3 contacts with you (initial introduction/request, follow up and final thank you)
- Mentors are expected to make at least 2 contacts with the student (response to initial message/request, follow up with information and details)
- Respond to your assigned student when you get the first email within 7 days, even if it is a decline.
We found that student's feel deflated when they do not hear back within this timeframe.
- Time Commitment is one hour to no more than 3, depending upon the mentor and request. Of course, this is dependent upon the relationship established and if both the student and mentor desire more time, that is great!

Students are instructed to focus on one request to begin such as:

- Resume building
- Cover letters
- Interviewing skills/tips/practices
- Real life work experience
- Work environments
- Communication tactics/advice
- Other such as grad school and work, etc.

Once you have mentored a student, we would love to hear from you! We are looking for Alumni who give back to HSU and this is one program we are proud to promote! Send us an [email](#) or give us a call @ 707-826-5467.
