

Creating a Scholarship

Transform a Student's Life

How does it work?

1. Contribute by making an initial gift in cash, securities, or real estate.

Establish a Non-Endowed Named Scholarship

With a minimum gift of \$10,000, you can create a named scholarship that can be renewed each year through annual gifts. This is a nice way to give a memorial or honorary gift. It's an opportunity to honor your family, remember a loved one, or bring visibility to your business.

Establish an Endowed Scholarship

With a gift, or gifts, totaling \$25,000 or more, you can establish an enduring, permanent fund intended to generate at least \$1,000 annually. Endowments are permanently invested funds and the annual income can be used to fund a scholarship.

2. Receive a tax deduction in the year you make the gift

3. Students are selected based upon the criteria you have created

4. Scholarships are awarded to students, helping to fulfill their dreams of an education

What are the benefits of creating a scholarship fund at Cal Poly Humboldt?

- You have the flexibility to create criteria for the scholarship.
- You have the option to name the fund.
- You enjoy the personal pride and satisfaction of helping today's students.
- Cal Poly Humboldt handles all administrative work for you.

	Non-Endowed Scholarships	Endowed Scholarships	Presidential Scholarships
Amount to create fund*	\$10,000	\$25,000	\$100,000
Projected distribution amount	\$1,000	\$1,000	\$4,000

*Plus a 5% administration fee.

How do I get started?

Contact Cal Poly Humboldt Foundation at **(707) 826-5200** or email us at giving@humboldt.edu and we will work with you to establish a scholarship fund that reflects your passion
